

FPCHS

A Five Star School!

The 5 Star School Award Program from Florida's DOE is their highest award given for community involvement; it is given only to those schools whose faculty, students, parents and community members have volunteered and worked together towards the improvement and benefit of the school and the community it faithfully serves. Schools attempting to earn this award must scrupulously document evidence of exemplary community involvement, an ongoing community/business partnership with the school, active parent involvement in several aspect of school activities. Schools must also document and meet the criteria of the Golden School Award for Volunteers, provide frequent opportunities for its students to learn the value inherent in service learning and philanthropy and has at least 50 percent of its students actively involved in such activities.

The school must also have an active SAC team which is involved in the needs assessment, training and collaborative partnering and shared decision making.
