Mission Statement

Parental Involvement Mission Statement (Optional)

Response: The Title I Parent Involvement Mission is to enhance the district, school, family, and community relationship and encourage parents and guardians to work as partners with schools to ultimately increase student success. We are striving to increase parental awareness of community resources, increase meaningful parental engagement in school functions, and empower parents to play an active role in their child's education. This goal supports the district's guiding principals including empowering others, trust and

respect for all, teamwork, and children first.

Involvement of Parents

Describe the actions the LEA will take to involve parents in the following required policies/plans:

- LEA-wide parental involvement policy (PIP)[Section 1118(a)(2)];
- LEA plan [Sections 1112 (c)(H), 1112(d)(1)]; -and
- How the funds reserved for parental involvement will be spent [Section 1118(a)(2)].

Response: Flagler County Public Schools will take the following actions to involve parents in the joint development of its district-wide parental involvement plan under section 1112 of ESEA:

The District Parental Advisory Council (DPAC) is composed of parents from the Title I schools in the Flagler County Public School District that review and have input on the district plan. Parents of the school's SAC and/or PTO are invited to become members of the DPAC, however any parent of a child attending a Title I school who would like to be a member of the DPAC is welcome. The DPAC is responsible for reviewing parent survey results, reviewing activities that were held during the school year, making suggestions for the use of Title I funds in parental involvement activities, recognizing barriers and making recommendations on how to overcome those barriers, determining if any of the barriers were successfully overcome and exploring any other parent recommendations for the purpose of writing a new District Parent Involvement Plan (PIP) for the upcoming school year. Additionally, the DPAC gives input on the parental involvement activities that Title I funds support. Meeting notes, parent survey results, parent evaluation of the effectiveness of the previous year's plan, parent recommendations are kept by the Title I Coordinator in order to make the necessary changes to the plan based on those parent recommendations. The Schools Advisory Councils will give input on each school's Parental Involvement Plan. Sign-in sheets, agendas, and meeting notes will be kept as documentation of parental involvement.

The District Parent Involvement Plan and recommendations by the District Parent Advisory Council as well as survey results are used when writing the Title I project grant and that portion of the Title I project grant that involves parent involvement activities.

Each Title I School Advisory Council will review Parent Involvement Plans along with the parent survey results and the monthly meeting notes from their SAC meetings to develop the individual school PIP.

To ensure ongoing parental notifications:

* The district will ensure all Title I principals place the Title I PIP on the School Advisory Council agendas for parental input and review,

*Title I Schools will post their Parent Involvement Plans on their school websites,

* The district will share parent survey results with schools for planning Title I parent involvement activities and expenditures,

* The district will use public service announcements and school level "Open House" and Annual Title I Parent meeting to provide parental involvement information and encourage parent participation throughout the school year,

* The district will insure that schools provide Title I information on their school websites.

* The district will use the Call Master calling and email system to provide information to families in the district, and,

* The district will provide information to parents using the schools and district websites, as well as school newsletters.

Ninety-five percent of the Title I Parent Involvement funds are allocated to the Title I Schools for materials for parent involvement workshops, stipends for teacher and counselors to present Parent Involvement activities and child care for parents attending activities. Title I uses other Title I dollars to pay a portion of the Title I/Homeless Parent Specialist. Parent Involvement school-based contacts at elementary schools receive a stipend to manage, document, and promote parental involvement activities.

Agendas, presentation materials, and sign-in sheets will be used to document and monitor involvement of parents.

Technical Assistance

Describe the actions the LEA will take to provide coordination, technical assistance, and other support necessary to assist Title I, Part A schools in planning and implementing effective parental involvement activities which build the capacity of parents to improve the academic achievement of their child and overall school performance [Section 1118(a)(2)(B and C) and 1118(e)(1-14)]. Include a description of the process the LEA will use to review the school-level PIP to ensure compliance with all requirements of Section 1118 [34 CFR 200.30(e)]. Include information on how the LEA will provide other reasonable support for parental involvement activities under Section 1118 as parents may request [Section 1118(e)(14)].

Response: The Title I District Coordinator and Parent Involvement Specialist meet with Title I school administration on a regular basis concerning planned parent involvement activities, material needs and allowable expenditures. The plan is reviewed and monitored routinely with the Title I Coordinator to be sure the plans set forth for parents are being administered. The Parent Involvement Specialist works with the guidance office and either a Parent Involvement School Based Contact or the assistant principal at each school (which ever applies) to collect the information (agendas, sign in sheets and teacher participation) on a monthly basis.

In February of each school year the Title I Coordinator begins discussion with the Title I schools about the parent involvement plan that will have to be developed for the next school year and also to give survey results that were compiled from the Title I parent surveys. The Title I schools are reminded that they must convene an advisory council meeting of Title I parents before the end of the school year to review the past plan, note progress with the current plan, discuss barriers for participation and make recommendations for the new Title I Parent Involvement Plan, successful parent involvement activities, and also review the Teacher/Parent/Student Compact. All Title I parents are invited to participate in this meeting. There is no restriction to the number of parents who participate. The LEA will review the new School PIP from each Title I school in September to ensure compliance with all requirements of Section 1118 [34 CFR 200.30(e)] and provide feedback.

The LEA provides assistance in additional ways:

*Assigning the Parent Specialist to communicate with each Title I Elementary School Parent Involvement school based contact regularly and to work with guidance counselors and administration on parental involvement needs,

*Having the Parent Involvement Specialist or Social Worker make home visits to parents upon the request of the schools,

* Providing resources and assistance planning for each school's staff on how to communicate and work with parents through mentor teaching programs,

*Providing the schools periodic communication from the LEA to the parents that includes school information and community resources,

* Allocating all parent involvement set asides to the schools for planned activities at the schools, and

Annual Evaluation

Describe the actions the LEA will take to conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of this parental involvement policy in improving the academic quality of the Title I, Part A schools [Section 1118(a)(2)(E)].

Response: The Title I Coordinator and Parent Involvement Specialist review the current School Parent Involvement Plan on a regular basis with administration from each Title I school. The schools are required to submit to the district, a log of parent activities on a district developed template for the previous month. They must include parent sign-in sheets when applicable, agendas and workshop handouts. The Title I Parent Involvement Specialist also works with the school-based parent involvement contact, assistant principal, and/or the guidance office to collect documentation of ongoing parent activities.

The district begins planning for the next school year in the Spring when the results of the parent survey are analyzed. Those results are reviewed by Principals and the District Parent Advisory Council to design effective strategies for the coming school year. This begins the process of planning and development of the Parent Involvement Plan for the next school year by the school as well as the district plan.

Aside from the survey results and the district advisory council input, the school receives additional input from their SAC and parents as they communicate throughout the school year.

Additionally:

- * The district advises each Title I School, that they must provide parents with a copy of the schools' Parent Involvement Policy, available at a SAC meeting in the first half of the school year, on school websites, and at the front lobby area of each school.

- * Title I Schools will notify parents and survey parents by hard copy and/or by computer accessed link when possible, using the district developed parent surveys. The parent-involvement surveys are sent in the spring with report cards.

- * The district will provide ongoing information to families via schools using the master call/text system, handbooks, handouts, separate mailings, the school's websites, and podcasts,

- * The district directs schools to provide for an annual "Open House" at the beginning of the school year to address suggestions and concerns parents may have at the district and/or school level, provide a minimum of 4 parent meetings per school that should include a "make and take" and a community based event,

- *The district provides each school, to the extent possible, notifications to parents in other languages and in a format that parents can understand,

- * The district will share annual survey results at each school site for planning purposes, and

- * The LEA requires schools to submit monthly evidence on parent meetings and parent participation to monitor parent involvement attendance. The evidence must include the events sign-in sheets and an agenda when applicable.

- *The District Parent Involvement Plan is developed using survey results from parents, Advisory Committee parental input, suggestions and concerns as well as reviewing attendance of the school level parent meetings that are monitored monthly and sent to the district Title I Office.

Training has included school nurses, registrars, school administrations, Title I teachers, a teacher per grade level and teachers of ELL students. Additionally, we have translators available through teachers and staff who are fluent in languages (both written and conversational). We do ask for translated notes and letters when other TRANSACT documents are not applicable. The district website also offers Google Translate.

The Title I Coordinator reviews the TRANSACT program at the beginning of the school year and provides for new staff and other departments to be trained in using the TRANSACT documents. Schools contact the Title I Office or the ESOL Office when they have translation needs. The ESE department is the contact for hearing impaired and sign language issues.
