

# Does your child need tutoring?

Flagler County Public Schools' Exceptional Student Education Department is pleased to announce the commencement of the *BrainChild Pilot Project!* A student receiving Exceptional Student Education Services (with an active Individual Education Plan – IEP) within the Flagler County Public School District is now eligible to receive FREE afterschool 1-2-1 tutoring from a trained peer tutor. *BrainChild* is the unified inspiration of Flagler Palm Coast High School's Community Problem Solving Program – a part of Future Problem Solving International, and the Flagler County Schools' Exceptional Student Education Department.

To enroll your child in this phenomenal program or to receive additional information about the project, contact Sue McVeigh, ESE Parent Specialist, Flagler County Public Schools: 386-586-2395, Ext. 2105; or email [mcveighs@flaglerschools.com](mailto:mcveighs@flaglerschools.com).
